Point of Sale (POS) SaaS

RETAIL SAAS | SAAS

A subscription-based POS with counters, shelves and a business admin.

Overview

A POS SaaS for retail businesses. Each business gets its own admin, counter users and shelf management, and limits apply according to the subscription plan.

Live Demo

Key Features

- Fast billing counter
- Plan-based counter and shelf limits
- Business admin and counter users
- Products, stock and barcode
- Sales, returns and receipts
- Daily sales reports

Modules in Detail (6)

1. Counters

Multiple billing counters per business, each with its own user, limited by the subscription plan.

2. Products & Shelves

Products, categories, barcodes and shelf allocation, with limits per plan.

3. Sales & Returns

Quick sale billing, discounts, taxes, returns and printable receipts.

4. Users & Roles

Business admin and counter users with separate permissions.

5. Subscriptions

Plans that define how many counters and shelves a business can use.

6. Reports

Daily sales, product-wise and counter-wise reports.
